Surfaces

Zahner Surfaces reflect decades of material innovation. Our expertise in metals, chemistry, and climatic impacts has led to a collection of unique, distinctive and authentic metal patinas that provide a dynamic alternative to paint and other commodity finishes.

As stewards of the built environment, all Zahner patina processes occur in our award-winning, EPA compliant facility. Zahner is dedicated to maintaining minimal impact on habitats and ensuring the health and safety of employees as well as the community at large.

Angel Hair ® Stainless Steel

Zahner's patented etching process, producing a fine, non-directional grain for a smooth, uniform architectural surface.

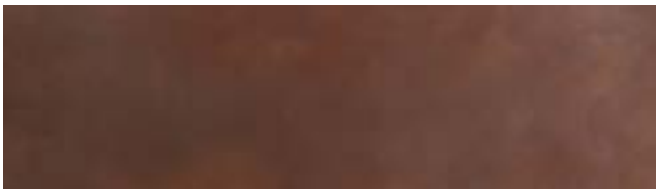

Fuscara™ Blackened Stainless Steel

A blackened stainless steel delivers a sleek, modern look through deep charcoal tones on a durable, corrosion-resistant metal.

Caelis™ Stainless Steel

A non-directional mechanical finish that diffuses the natural reflectivity of metals by introducing very fine dimples, creating a satin glow.

Solanum™ Steel

Zahner's pre-weathered steel surface delivers rich, resonant red and umber tones using a controlled, proprietary process.

Spectura™ Steel

interior only

A color-bending crystalline layer on steel adds a vibrant, shifting colors that vary as the angle of view or illumination changes.

Oscura™ Blackened Steel

interior only

A rich, blackened steel patina with a unique, mottled aesthetic designed for interior applications.

Dirty Penny™ Copper

Dirty Penny Copper features iridescent light and dark tones ranging from blues to greens and reds. The oxidized surface layer acts as a protecting barrier over time.

Star Blue™ Copper

Star Blue Copper is a premium surface with a stunning aged aesthetic, replicating centuries of natural copper weathering.

Hunter™ Zinc

Hunter Zinc is a variegated, matte, zinc with organic panel-to-panel variation suitable for both contemporary and historic looks.

Baroque™ Zinc

Baroque Zinc matures beautifully, developing a rich umber tone over time, adding warmth and character while protecting the surface.

Roano™ Zinc

Designed to age gracefully like vintage wine or tanned leather, Roano Zinc offers a stable surface that improves over time, darkening into a rich umber tone.
